## 50,000 Out Of Work Due To Ford Strike

DETROIT (AP) — Union bargainers were expected to return to the Ford Motor Co. office today for talks which could decide when more than 50,000 Ford employees across the nation can go back to work.

The firm stopped the last of its auto assembly operations Friday because, Ford said, an Ohio strike has choked off the supply of hoods, doors, roofs and other parts.

Ford, the nation's second largest auto manufacturing empire, blamed the closures on a strike at Ford's Walton Hills stamping plant near Cleveland which began eight days ago.

The plant was one of the last to settle local grievances during national negotiations between Ford and the United Auto Workers on a three-year contract last fall. The new dispute is over work quotas.

At the close of work Friday, all Ford assembly units were shut. A battery manufacturing plant had been closed earlier.

Monday, 1,000 workers at Ford's glass plant in Nashville, Tenn., will be out of work because of a partial shutdown there. Another 1,000 will be kept on to keep furnaces going and attend other duties, a Ford spokesman here said.

Also effective Monday, metal stamping plants at Buffalo, Chicago, Dearborn and Monroe, Mich. will lay off 10,000 employees.

Five Ford truck manufacturing and assembly plants will continue operating under present plans, the Ford office said.

Henry Ford II said more manufacturing plants will be closed due to lack of space for stockpiling if the Ohio stoppage continues.

Reports from the talks Friday varied. One union spokesman said only one strike issue remained unsettled, but a management spokesman said the UAW added 41 additional grievances to the three disagreements over production quotas which were basic to the June 6 walkout.

## Girl's Leg Mangled But She'll Walk

PARAGOULD, Ark. (AP) — A nine-year-old orphan girl whose leg was mangled in a moving machine will walk again.

Bone specialists in Memphis saved the right leg of little Marie Thomas, who fell into a tractor-drawn mower on the grounds of the Crowley's Ridge Academy Children's Home Tuesday.

The surgeons said her injury was "one of the most severe seen at the hospital."

They reported that both bones were broken above the ankle and protruded through the skin. Skin and tissue were ripped from the top of her thigh almost completely around her leg, and her leg was ripped open to the bone nearly to the knee.

They said she told them she hurt, but never cried.

"She is a very courageous little girl," a surgeon said.

There is a possibility, a surgeon said, that growth in the leg may be stunted.

"She may lose 15 to 20 per cent of the total growth," he said. "The majority of the growth comes from the hip to the knee."

Mamie has seven brothers and sisters at the orphanage. She has been at the children's home a little more than a year.

## Takes Ribbing From Friends

LITTLE ROCK (AP) — Mrs. Diane Lambert Morris of Searcy took lot of ribbing from friends Thursday when she came here to visit her parents.

"How did you get out of jail?" everyone asked.

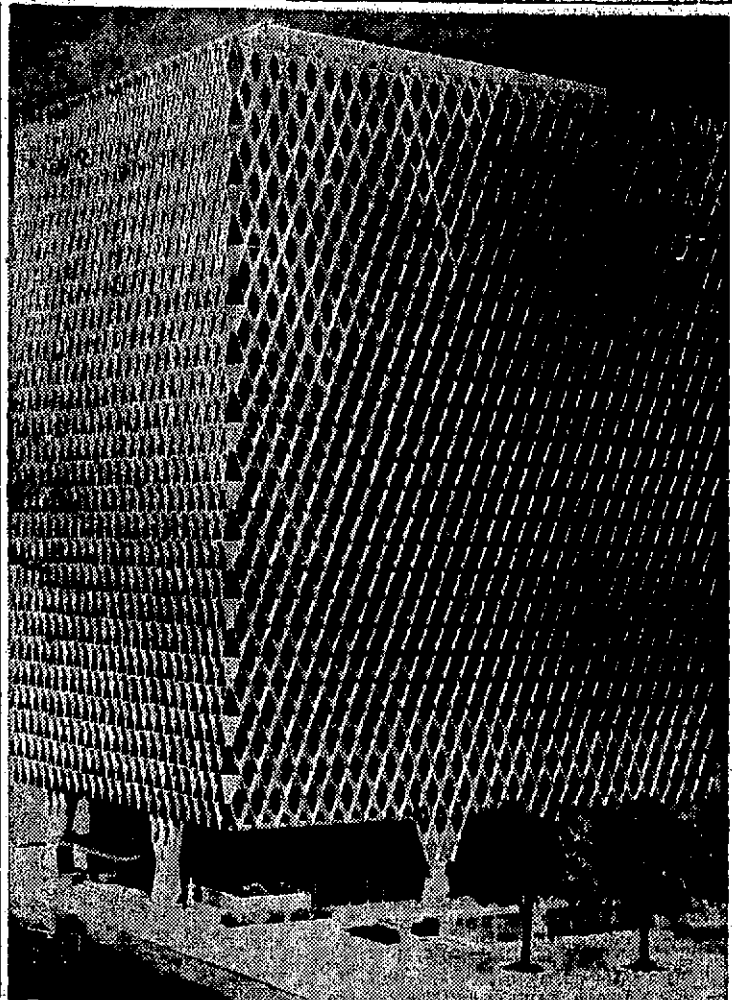

Mrs. Morris' visit coincided with a jailbreak attempt by another Diane Lambert who shot a jailer early Thursday at the Pulaski county jail.

Mrs. Morris, daughter of Mr. and Mrs. Leon Lambert, was arrested in Little Rock. The other Diane Lambert listed Fayetteville home.

## Weather

Partly cloudy to cloudy and mild through Sunday with periods of showers and thunderstorms. High today 75 to 85. Low tonight 62 to 72.

Arkansas — Clear to partly cloudy and a little warmer today and tomorrow; chance of shower.

**OLD ORDER CHANGETH**—This "inside-out" structure is so-called because of its exterior structural steel framework instead of the conventional interior post and beam construction. Called the "first truly contemporary steel office building" by its designers, the structure is being erected in Pittsburgh, Pa., for International Business Machines.

## Stray Shells End Guard Practice

CAMP ROBINSON, Ark. (AP) — National Guard officials said Friday artillery practice will be suspended until it can be learned why three shells went astray and exploded near a Faulkner County farm house last weekend.

"An investigation is under way to determine whether this was caused by human error, defective ammunition or other cause," said Col. Ernest McDaniel, operations officer.

The shells exploded near the home of Dale Price, who lives 8 1/2 miles east of Mayflower. Two hit Saturday and one Sunday. The nearest, Price said, blasted a hole two feet deep only 125 yards from his house.

McDaniel said his information was that the shells landed on the military reservation but they were some distance from the supposed impact area, which is across a ridge from the Price property.

Price said it was the first time in four years shells had fallen near his home.

"It jars our house pretty bad when they hit in the impact area," he said. "When they hit across the road from us, it jars us."

Price said concussion from exploding shells had broken windows and cracked bricks in the house. Shrapnel from one of the errant shells broke a tree almost in half, he said.

Price also said he found cuts on five of his horses which he presumed were caused by shrapnel. He raises quarter horses and thoroughbreds.

## Co-op Loan Is Approved

JONESBORO, Ark. (AP) — The Craighead Electric Co-operative Corp. will do away with a formal speaking program and turn its 24th annual membership meeting July 13 into a quiz show for members.

The meeting will be held at Crowley's Ridge State Park at Walcott, 12 miles north of Jonesboro.

Manager Earl Walden said about 10,000 of the co-op's 17,000 members are expected to attend. Fact folders will be mailed in a few days to members.

Prizes will be awarded for correct answers Walden said.

Craighead, the state's largest electric co-op operates in seven northeast Arkansas counties.

The quiz show will follow reports by co-op president Sam Chapin of Trumann Walden and other officials.

## Negro Group Meets

NEW ORLEANS (AP) — The Urban League of Greater New Orleans announced Thursday that Negro leaders from four southern states — including Arkansas — would meet June 23 to discuss problems raised by "Reverse Freedom Rides."

Negro leaders are expected from over 50 communities in Louisiana, Arkansas, Mississippi and Alabama.

## Didn't Think Break Would Succeed

LITTLE ROCK (AP) — Diane Lambert said today she never thought an attempted break from the Pulaski County jail would succeed.

And she said she did not intend to shoot J. F. Anderson, a 61-year-old jailer who was wounded by a bullet from a .22 caliber revolver.

Diane, said two companions in the attempted break—Betty Childress, 15, and Carol Pickett, 16—face new charges today as result of the incident, Prosecutor John Jernigan said.

Diane, who said she is 17 (jail records show her as 23), was jailed trial on grand larceny charges. Betty and Carol were charged with manslaughter in connection with a fatal accident in which their car hit a pedestrian while they were fleeing from police.

Diane said plans for the escape attempt started five or six weeks ago.

The gun was smuggled into the jail by two men, she said. Jernigan was questioning two men today, but he said he had no arrest to announce.

Diane said she wanted to escape so she could go to her mother, who, she said, is dying of cancer. Her parents live at Fayetteville, she said.

## Canada Raps Meddling of Khrushchev

By MAX HARRELSON

OTTAWA (AP)—Prime Minister John G. Diefenbaker has accused Soviet Premier Khrushchev of meddling in the Canadian election with a charge that Diefenbaker's Conservative government is making preparations for nuclear armament.

With the election of a new Parliament coming up Monday Diefenbaker said Thursday in a campaign speech Khrushchev "doesn't want this government back because we took a stand on Soviet colonialism that he doesn't like."

Soviet Ambassador A. A. Gromyko delivered a Kremlin protest Thursday which said if nuclear warheads are located on Canadian territory, the Soviet Union would have to take counter-measures to safeguard its security.

Diefenbaker's government immediately rejected the Soviet note as "inadmissible interference in Canadian affairs."

Diefenbaker's chief opponents unanimously backed him against the Soviets.

Lester B. Pearson Liberal leader, termed the Soviet statement "arrogant and clumsy" and said it would not affect Canadian attitudes "toward nuclear weapons or toward Soviet imperialism."

T. C. Douglas of the New Democratic party said Khrushchev should know Canadians deplored the "callous and contemptuous" Soviet resumption of nuclear testing last fall.

The Social Credit leader Robert Thompson, said the Soviet statement was "unintelligent."

## Algiers Being Destroyed By Secret Army

By ANDREW BOROWICZ

ALGIERS (AP) — The Secret Army was feared today to be capable of destroying much of Algeria by remote control in its terrorist scored earth campaign to reduce the territory to a wasteland.

Secret Army commandos shattered Algiers' massive city hall with explosives Friday night hours after heavily damaging a municipal hospital and destroying a big power dam. Fires flared late into the night as European terrorists put the torch to private property throughout the capital.

The explosion in the city hall killed at least six soldiers and wounded 43 others who were ineffectual in halting the Secret Army demolitionists.

Grim police officials, standing ankle deep in shattered glass and debris, said the Secret Army had planted an estimated 200 pounds of explosives in the city hall weeks before a company of the Ninth Zouave Regiment moved in to guard the building.

They said the charges apparently were set off by someone who had only to saunter into the building, light the fuses and walk away. Police feared charges are planted in other facilities throughout the territory.

The Secret Army command in Algiers proclaimed an all-out offensive of destruction to begin last Thursday midnight. In the first 24 hours it spread through the territory, European terrorists in the west threatened even greater destructive blows.

Terrorists blew up three surgical pavilions and the modernistic laboratory of the 2,500-bed Mustapha Hospital, setting off two hours of chaos and panic. No one was injured, but officials feared the \$100,000 damage could not be repaired under present conditions.

Other Secret Army agents struck 100 miles to the east, blowing up the control installations of the Darguina Dam, a major supplier of power for Algiers. Officials said repairs would take 8 to 10 months.

In Side Bel Abbes, historic home of the French Foreign Legion, six grade schools and a high school were burned.

Europeans fleeing the territory by the thousands headed Secret Army orders to burn everything that might be of use to the Moslems. Stores and office buildings were burned to the ground in scattered parts of Algiers. Automobiles were set afire in the streets where they were abandoned. Even household furniture went up in smoke.

Secret Army commandos armed with automatic weapons attacked a police encampment in Oran, wounding six persons. Other terrorist attacks killed four persons there.

## Votes to End Train, Bus Ticket Tax

WASHINGTON (AP)—The Senate Finance Committee voted unanimously today to abolish the 10 per cent tax on train and bus passenger tickets at the end of this month.

Sponsors of the move said they were trying particularly to help railroads. Many lines are losing heavily on passenger business.

The provisions was written into a bill to extend for another year corporation income and major excise tax rates, most of them dating from the Korean War. The levies bring in a total of \$4.3 billion annually.

The 10 per cent passenger tax dates from World War II.

The House, in passing the extension bill, had voted to end the levy on rail and bus lines Jan. 1, 1963.

Advancing this date six months, as proposed by the Senate committee, would cost about \$58 million in revenue.

In passing its version, the House voted to continue the present 10 per cent tax on airline tickets to Jan. 1 and then cut it to 5 per cent. The Senate Finance Committee left this undisturbed.

## Pioneer Radio, TV Man Dies

MEMPHIS (AP)—E. C. Frase, a pioneer in radio and television broadcasting operations here, died last night of cancer. He was 59.

Frase was chief engineer of TV station WMCT and radio stations WMC and WMC-FM.

## Old Time Auto Group to Meet

JONESBORO, Ark. (AP)—The annual Convention of the Mid America Old Time Auto Association will be held in Jonesboro today and Saturday.

Features of the meeting will be judging of the cars and an antique and vintage fashion show at the fairgrounds.

Saturday morning the old cars will be driven in a parade through downtown Jonesboro after which they will be driven to Crowley's Ridge State Park at Walcott, about 16 miles north of Jonesboro.

The convention will be climaxed with a pageant and election of officers on the Arkansas State College campus Saturday night.

## Congress Is Bouncing JFK Around

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP) — It can't be said that Congress has taken over the reins from President Kennedy, but it is certainly bouncing him around in the driver's seat.

In the 1960 presidential campaign he said "a do-nothing party will not do." Four more years of a Republican President blocking action by a Democratic Congress will not do.

"What we need, what we seek, what this campaign is intended to bring, is action instead of drift—leadership, not salesmanship—and dedication in place of mediocrity."

The picture has changed and now a Democratic President is being blocked by a Democratic Congress, where Democrats far outnumber Republicans, in one field after another.

Major programs have been killed, abandoned, or bottled up. And most lately the House and Senate have frustrated him a bit in foreign policy. Even his right arm in the Senate, Democratic Leader Mike Mansfield of Montana, has called for a re-examination of Kennedy's Southeast Asia policy.

Kennedy has deluged Congress with proposals—too many as it turns out—for many will be thrust aside as members of both House and Senate hurry to get home early for this fall's congressional elections.

He himself admits Congress will not try to pass all the legislation he sent up.

Take a look at what has been happening to just these few major items he mentioned:

His medical care bill looks so lost in the House Ways and Means Committee — where Democrats outnumber Republicans 15 to 10—that the Kennedy administration is willing to compromise now to save some fragments of it.

His youth employment opportunities bill is still in a House committee.

His proposal to aid higher education has passed both Houses but in different form and can't become law until the differences are ironed out.

His foreign trade bill, with additional power to cut tariff, is out of the Ways and Means Committee which handled it but with changes which must have jolted him.

His tax revision bill passed the House but is bottled up in a Senate committee where, perhaps, it may be massacred.

And there are things he left unsaid: Last year he made a big pitch for aid to public schools but seems so much to have given up hope for it that, while it's still lying around, he has stopped talking of it.

He asked Congress to pass a law banning literacy tests in voting but the Senate killed that. He wanted a new department of urban affairs and housing but the House slaughtered that one.

Kennedy wants to raise the public debt limit from \$300 billion to \$308 billion. This is being kicked around in the House where there seems to be a strong mood to limit an increase to \$306 billion or not raise it at all.

Last week both House and Senate, carried along by their anti-Communist fervor, took actions which were contrary to Kennedy's wishes and will make life a little tougher for him in trying to encourage Yugoslavia and Poland to become increasingly independent of Moscow.

Lions on Airlift

NICE, France (AP)—An airlift of 20,000 Lions is under way bringing members of the world-wide men's organization for their international convention opening here on the French Riviera June 21.

The first plane with 141 American club officials aboard, arrived late Thursday from Chicago.

## Chicken Cooking Queen Did Not Win by Accident — She Has Been Cooking for Years

By MARY ANITA LASETER

We have a Queen in our midst. And it's not just for a day. For the next year Mrs. Bobby Campbell, 402 N. Harvey, is the Chicken Cooking Queen of Arkansas.

Her recipe for Chicken Kiev was judged to be the best in the recent finals at the state poultry festival in Little Rock. When it comes to chicken, she knows the subject pretty well, being the personal secretary of Mrs. Freda Greenan, President of Corn Belt Hatcheries.

Mrs. Campbell is the former Bobby Raleigh, and her parents, Mr. and Mrs. Cecil Raleigh, live near McCaskill. She went to school at Blevins. Though she could make biscuits when only 12 years of age, Mrs. Campbell and her sister were more apt to be driving a tractor than cooking a meal. They didn't have any brothers, so they helped out with the farm chores usually handled by boys.

Adaptively inclined, Bobby Campbell has won trophies for bowling and swimming, and likes to water ski. Balance is the key word of these three activities, so it isn't surprising that our Chicken Cooking Queen once taught dancing. That was in Dallas, Texas.

Her many and varied activities include a period of time in the Marine Corps Reserve, and she was discharged seven or eight years ago. She once even went to mechanics school in Dallas. Perhaps that helps to explain why she is the "Mrs. Fix It" around both home and office.

Mrs. Campbell moved back to Hope 2 1/2 years ago with her two little girls, Pam, six, and Karen Sue, four. Though they are a little young for others to tell if they have inherited mommy's skill as a cook, Pam and Karen Sue do what they can to share duties such as setting the table, "doing" the dishes, or cutting out cookies.

She has a "green thumb" and she likes to fish, but her vacation this year was not spent in gardening nor fishing. Instead, she went to her father's farm and whitewashed chicken houses. It is doubtful if that had any influence on her decision to enter state contest for Chicken Cooking Queen. (She was one of four finalists from the Southwest District.)

But enter, she did, and the results were filmed for TV. She was "cooking with gas" literally, for one of the sponsors was the Ark-La-Gas Company. Chicken Kiev is prepared quickly and easily. Whereas the Queen recommends the use of skewers, she says medium-sized nails (properly cleaned) will do the same job.

Boned chicken breasts cut in three pieces per breast are tried in deep fat for 14 minutes, properly garnished with herbs, and served on wild rice. Noodle nests are also used, and grapes, cherries, and melon balls complete the royal dish "fit for a King."

## Officials of Firm Deny Collusion

WASHINGTON (AP)—The president of Commercial Solvents Corp. termed as preposterous and unfair today a charge that there was three-way collusion involving his company, Billie Sol Estes, and the Department of Agriculture.

Company President Maynard C. Wheeler said the charge "is utterly without foundation" and that "even a cursory inquiry into the matter would have shown this."

The charge was made Thursday by Rep. Ross Bass, D-Tenn., a member of the House subcommittee investigating Estes' dealings in storage of government-owned surplus grain.

Commercial Solvents loaned Estes money which he used to go into the grain storage business. As security, Estes assigned to the firm all government grain storage payments he was to receive.

Bass charged that Estes did not get any grain storage contracts until the assignment had been completed, and referred to the arrangement as a "triangle of interest."

Wheeler replied with a statement as the hearings resumed today.

Wheeler said Estes got his first storage contract March 9, 1959, and the assignment of the payments to Commercial Solvents was not mailed to the department until April 1. It was approved at

## Hopes To Pay Everyone Back Says Gilbert

By TOM MASTERSON

RIO DE JANEIRO, Brazil (AP) — Edward M. Gilbert, the New York financier who made unauthorized withdrawals of \$2 million from his company and then flew to Brazil, says he hopes "to pay everybody back and make everything whole some day."

But he admitted he does not know how he would be able to do it, the Brazil Herald reported today.

Gilbert, 38, flew to extradition-proof Brazil from New York last Wednesday after admitting the unauthorized withdrawals from the E.L. Bruce Co., the firm he headed.

He told the Brazil Herald he withdrew the funds to protect both himself and the company and that in subsequently coming to Rio he was "not fleeing United States justice."

Gilbert said he had intended to return to New York Friday night but decided against it after talking by telephone with his father, a lawyer in New York. He said he would be "crucified" if he went home now.

The Herald said Gilbert denied having contacted Jorge Caluape Sobrinho, the Brazilian lawyer for two fugitive American financiers who took refuge in Brazil from business fraud charges in the United States.

The lawyer said Friday Gilbert was his client and he was taking legal action to prevent any possibility of Gilbert's arrest or deportation.

Gilbert said he needs time to think before making any decision on returning to New York, where the district attorney's office and the U.S. Securities Exchange Commission are looking into his affairs.

"Since 'Blue Monday' on Wall Street, I've been all confused and now I want to think things over with no outside pressure," he said. "I did nothing to hurt anybody intentionally, although a lot of people did get hurt after things got out of control."

He apparently was referring to the May 28 "Blue Monday" stock market plunge — about the same time he made the withdrawals.

"I withdrew the funds not for myself alone," he continued, "I did it to protect the position of both E. L. Bruce Co. and myself."

He did not elaborate, but the company quoted him as saying shortly before he left New York that "the actions I have taken were directed to the protection of an acquisition program in behalf of the corporation and, in my judgement, were in the best interests of the corporation and its stockholders."

Officers withheld the identity of the suspect. A search continued today for a second man, believed to have aided in passing a .22 caliber pistol to the trio.

Prosecutor John T. Jernigan said he expected to file today a charge of assault with intent to kill against Diane Lambert, 23, of Fayetteville, Bettie Childress, 15, of New Iberia La., and Carole Marie Pickett of Bastrop La.

The two teen-agers were being held on a manslaughter charge in connection with the death of a Little Rock pedestrian who was struck by their car as they fled police.

Officers said at the time they were escaping from a Louisiana girls school.

The Lambert woman, identified as the possible leader of the attempted break fired the shot which wounded Jossie Anderson Sheriff L. C. Young said.

Three other women prisoners in the same cell were not involved in the attempted breakout, officers said but were held as hostages.

Young said the elderly jailer was shot by the Lambert woman after refusing to open the cell when ordered to do so. He was reported in satisfactory condition.

The sheriff said the Childress girl told him a male acquaintance smuggled the gun to her by placing it on a broom and shoving it through the bars.

Young said Thursday night the man held in county jail admitted being involved.

The two teen-agers have been held since April 12 when they were arrested following a wild chase through downtown Little Rock. The car driven by Miss Childress, struck and killed an elderly pedestrian.

Van Dalsen Offers Weight Law

LITTLE ROCK (AP) — Perry County Rep. Paul Van Dalsen asked the Legislative Council today to consider recommending passage of a weights and measures law.

Such an act, Van Dalsen said, would "protect people who now are at the mercy of unscrupulous and dishonest merchants."

Van Dalsen tried to get a weights law passed in the 1959 legislature but it was defeated. He said today only one other state does not have such an act.

Van Dalsen's proposal is one of seven the council will consider when it meets at the capitol next Friday. Favorable council recommendation makes passage of an act easier.

Camden Plans P. O. Dedication

CAMDEN, Ark. (AP) — Rep. Oren Harris of El Dorado will dedicate Camden's new post office at 6 p. m. today.

Also on the program is W. M. Nichols of St. Louis, assistant to the regional director of the post office department.

Historian Dies

MORRILLTON, Ark. (AP)—Mrs. Bernice Smade Babcock founder of the Natural History Museum at Little Rock and former society editor of the Arkansas Democrat died at her home on nearby Petit Jean Mountain Thursday. She was 94.

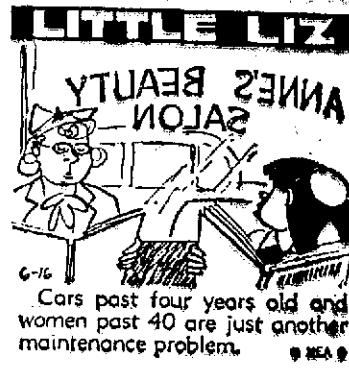

Mrs. Babcock became nationally known in 1919 with the publication of her historical novel "The Soul of Ann Rutledge," Abraham Lincoln's first wife. She also wrote numerous other books. Survivors include a son and two daughters.

Spa Visitors Doubles in Year

LITTLE ROCK (AP)—The number of passengers cars visiting Hot Springs National Park in 1960 more than doubled the 1958 total, a new report shows.

The state Publicity and Parks Commission said Friday the report, prepared by the Automobile Manufacturers Association, lists 292,000 cars touring Hot Springs in 1960, compared to 123,165 two years before.

The 1960 cars carried 688,300 passengers, the report says.

the Dallas, Tex., office April 2, he said.

Speaking to Chairman L. J. Fountain, D-N.C., Wheeler said, "We denied this charge when it was made. I don't know what you can do now. Mr. Chairman, to undo the damage done yesterday, to us, to our stockholders, our employees, and to responsible government officials."

"We cannot compete in the publicity arena with this type of charge made here—and it is the publicity which does the great harm to the reputations of those who are injured."

Fountain said he couldn't always anticipate what individual committee members might say and added the members "are responsible for any statement they may make."

Bass was not in the committee room when Wheeler read his statement. He arrived shortly afterward, but declined immediate comment.

Wheeler and other top officials of the company were appearing for the third day.

There were 3rd graf 137.

## Union Rejected

MARIANNA Ark. (AP) — Employees of Douglas & Lomason Co. rejected representation by the United Auto Workers Union Thursday by a vote of 26 for and 11 against. Last year union representation similarly was rejected. The plant manufactures car seat frames.

He played basketball at the College of the Ozarks and was an all-AIC selection.

## Against Any U. S. Aid Crackdown

By JOHN M. HIGHTOWER

WASHINGTON (AP)—George F. Kennan, ambassador to Yugoslavia, holds that congressional moves to crack down on U.S. aid and trade with that Communist nation are a windfall for the Soviet Union and a severe blow to U.S. aims in Eastern Europe.

Kennan expressed that view in a private message from Belgrade to Secretary of State Dean Rusk this week.

Rusk, it was learned today, has also received a message from Ambassador John Moors Cabot at Warsaw, Poland, predicting a violent change in U.S.-Polish relations if the proposals become law. Cabot forecast a sharp setback for the U.S. policy of encouraging and supporting Poland's trend toward independence from Moscow domination.

Kennan suggested to Rusk that he be brought home to talk with congressional leaders on U.S. policies toward Yugoslavia and Eastern European Soviet bloc as a whole.

Both Kennan and Cabot referred sages were presented to President Kennedy by Rusk. The President is expected to use them in his campaign to get Congress to abandon or revise proposals to curtail aid and trade to the Communist countries.

Both Kennan and Cabot referred in their messages to Senate votes for a sharp curtailment in aid to any Communist country and to a House committee vote to prohibit trade with Poland and Yugoslavia on the favorable terms which gov-

## Eviction Notice Against Hester

BLYTHERVILLE, Ark. (AP)—City Atty. Percy Wright filed a notice of eviction Thursday against Charles R. Hester, president of Hester Mobile Homes Corp.

Wright said he acted to protect the city's interest in properties of the firm which is in bankruptcy, listing assets of \$38,000 and debts of about \$100,000.

The city attorney also filed a petition in an attachment suit filed against Hester and the firm by Phillips Industries, a creditor.

The legal proceedings involve a tract of land, a factory building and equipment which the city has title to because it floated a \$68,000 bond issue to help finance the plant.

Wright said Blytheville residents face a one-half tax if assets of the firm which the city has title to are not enough to retire the bonds.

Voters approved the tax, along with the bond issue, but it was expected the bond would be retired from rentals paid by Hester.

Wright said a portion of the property had been leased for \$300 a month and this income could be applied to the bonds.

## Oyler Renomed

LITTLE ROCK (AP)—Maurice Oyler of North Little Rock has been re-appointed by Gov. Orval E. Faubus to a second five-year term on the state Embalmers and Funeral Directors Board. His new term expires June 1, 1967.

## Charges Favors

LITTLE ROCK (AP)—Winston Chandler, who is opposing the incumbent Sen. J. William Fulbright's bid for re-election charged Thursday that Fulbright seeks the favor of "one worlders" in Washington and Europe forgetting that "he represents the people of Arkansas." Chandler's remarks were made in a five-minute

# LIGHT OF THE WORLD

Is The Lord Our God

## HIS DAY

Come Sunday, the world will pay homage to a very special fellow. *He is the husband—the father—the breadwinner and the sturdy foundation of our community.* We pause to do him honor. He may be gruff, and stern, and tanned of face, but he is Dad. Just get an x-ray of his heart if you really want to see something rare. What strange, but wonderful people these fathers are. They are the world's easiest victims of love's attack. Just pour on a little attention, seasoned with about two parts of tenderness and give in very small doses...since he could never stand a big dose. Then just sit back and watch his big heart warm up. It will respond in true father fashion. *This Father's Day, won't you take him to God's House for an hour of worship?*
